

Supporting the Band, Chorus, Drama, and Orchestra programs at Amelia High School through volunteerism and fundraising initiatives

Providing scholarship aid to deserving students

In January 2010, the Amelia High School Performing Arts Boosters was formed. Our mission is to:

- To enhance Amelia High School's ability to serve its students with a well-rounded and well-funded performing arts program.
- To provide scholarship aid to deserving students
- To assist the teachers and directors of the AHS performing arts programs in raising the bar of excellence to greater and greater levels.
- To reengage alumni of AHS and provide opportunities for them to further their love of the performing arts and to provide a conduit for them to help today's students foster that same appreciation.

During our first 100 days, we held a successful fund raiser which allowed us to present two scholarships at the Performing Arts Sampler in May 2010. In addition to scholarships, the Boosters will help fund various requests by the directors of the Performing Arts groups.

We are still looking for our first 100 Charter Members. By becoming a member of the Amelia High School Performing Arts Boosters, you can be part of this experience. As a member, you make a difference.
